PROFESSIONAL SUMMARY

A passionate B.Tech CS and AI student Rishihood University with a keen interest in programming, entrepreneurship, **public speaking, leadership**. Currently, the Chief of Maratha Clan in my University. My fascination with coding has evolved from a hobby to a career passion. I've invested substantial time in mastering various coding languages, frameworks, and tools. Eager to contribute my technical and creative skills. I aspire to make a significant impact in the dynamic field.

Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2027	Bachelor of Technology (Computer Science)	Rishihood University	8.3/10.0
202 2	Intermediate (Class XII)	Delhi Public School, Hisar Delhi Public	77%
202 0	Matriculation (Class X)	School, Hisar	82%

Projects

1.The Souled Store Website Clone | selfmade   May 2024 - Not Completed

- Developed Souled Store replica using React Showcased front-end and React
- proficiency Ensured responsiveness for various devices Utilized React components,
- state management, and routing for seamless user experience
-

2. 2048 Game | selfmade (Github) (Hosted)   April 2024 - May 2024

- Developed a 2048 game using Python during a workshop
- Demonstrated programming skills and creativity
- Implemented complex game logic and user interface elements within a limited timeframe
- Gained valuable experience in game development and Python programming through hands-on coding and problem-solving

3.MRAB | In collaboration with batchmates (Github)   April 2024 - April 2024

- Developed a Mess and Canteen Booking and Ordering System in a single night hackathon
- Streamlined meal ordering process for convenience and efficiency
- Intuitive features and seamless functionality for hassle-free experience
- Exemplified rapid prototyping and problem-solving skills under tight deadlines

4.Art Gallery Website | self made (Github) (Hosted)   January 2024 - January 2024

- Art Gallery: A dynamic online platform connecting art enthusiasts, collectors, and creators worldwide
- User-friendly interface and robust features for discovering, buying, and selling diverse artworks
- Curated collection showcasing talents of established and emerging artists across various mediums
- Vibrant community and unparalleled access to exceptional artworks for expanding collections, showcasing creations, and immersing in the world of art.

Skills

- Computer languages - Javascript, C++, Python, Java, HTML, CSS
- Software Packages - React, Figma, Bootstrap, Tailwind, Node.js
- Soft Skills - Interpersonal communication, Public speaking, Leadership, Team Building, Time management, Decision-making, Delegating tasks, Creativity, Teamwork, Critical Thinking, Responsibility, Presentation Skills, Communication Skills

Co-Curricular Activities

• As a core team member of Neutron Fest, India's pioneering new-age Ai Techno Cultural Fest, I contributed to shaping an innovative and impactful event.

• I am Chief of Maratha Clan within the Rishihood Community at my university was a significant honor and responsibility.
